

	Half term 1	Half term 2	Half term 3	Half term 4	Half term 5	Half term 6
Year 10	Challenge of Natural Hazards	Challenge of Natural Hazards	The Living World	The Living World	Physical Landscapes in the UK Rivers	Physical Landscapes in the UK Coasts
Topic						
I am learning about:	<p>Classification of natural hazards</p> <p>Tectonic hazards</p> <p>Distribution of earthquakes and volcanoes, types of plate boundaries</p> <p>Comparison of impacts and responses to earthquakes in HICs (Italy) and LICs (Nepal)</p> <p>Why people live in hazardous areas and how risks can be reduced (3Ps)</p>	<p>Global atmospheric circulation</p> <p>Tropical storms, causes and distribution</p> <p>Typhoon Haiyan, impacts and responses</p> <p>UK weather hazards</p> <p>Storm Desmond</p> <p>Climate change, causes, effects, mitigation & adaptation</p>	<p>Features of a small-scale ecosystem: food webs, nutrient cycles, and impact of change</p> <p>Distribution of global biomes & the global atmospheric circulation</p> <p>Features of rainforests & interdependence</p> <p>The Amazon rainforest, importance, reasons for and impacts of deforestation</p> <p>Sustainable management of the rainforest</p>	<p>Distribution of cold environments, Arctic & tundra ecosystems, climate, plant and animal adaptations, interdependence</p> <p>Challenges and opportunities in cold environments</p> <p>Why cold environments are important</p> <p>Sustainable management of cold environments</p>	<p>UK physical features</p> <p>River processes, erosion, transport & deposition</p> <p>Landforms in the upper, middle & lower course of a river</p> <p>River Eden</p> <p>Causes of flooding and flood hydrographs</p> <p>Boscastle flood</p>	<p>Coastal processes, erosion, transport & deposition</p> <p>Coastal landforms</p> <p>Holderness Coast</p> <p>Managing coastlines, hard and soft engineering</p>
Assessment	Tectonic processes	Natural hazards	Ecosystems	Global biomes	Rivers	Paper 1 content

Year 11 Topic	The Changing Economic World	The Changing Economic World	Urban Issues & Challenges	Urban Issues & Challenges	The Challenge of Resource Management	
I am learning about:	Global patterns of development Measures of development DTM & development Causes & consequences of uneven development Strategies to reduce the development gap Tourism & development	Nigeria Case Study: location and importance, economic change, TNCs, links with the world, impacts of economic development UK Case Study: economic change, impact of industry on environment, transport developments, regional inequalities and strategies to reduce, economic and political links with the world	Urbanisation Lagos case study: location, importance, causes of growth, opportunities & challenges of urban growth Improving quality of life in Lagos Population distribution & change in UK	Liverpool case study: location, importance, impact of migration, opportunities & challenges of urban change Regeneration in Liverpool Sustainable urban living & urban transport strategies	Importance of resources Resources in UK Water surplus & deficit, impacts of water insecurity Strategies to increase water supply Preparation for Paper 3 Issue Analysis following pre – release from exam board	
Assessment	Development	Economic change	Urban change	Paper 2 content
