

## 1. Study Ninja

Study Ninja inspires students to get motivated and build a personalised study plan.

They can plan, practice, play and perform through a series of mini-games.

## 2. Keep

All about organisation: from reminders to checklists – this app has it covered.

Image to Text is a great feature that allows you to grab text from photos. Students can take photos of their notes and off they go!

## 3. Quizlet

A study and flashcard app, Quizlet lets you create quizzes with your own information.

There are also 400million quizzes already available across a wide range of areas.

## 4. Padlet

The easiest and quickest way to collaborate. Students can create a shared space where everyone can share ideas, links, images and tips.

The link can be shared with everyone in a class, allowing everyone to add in their information, save as a pdf and send to everyone!

## 5. Popplet lite

A beautifully simple way to create mind-maps.

In this free version you are only allowed to create one popplet, so when you're finished one, why not save a screenshot and start on a new topic!

## 6. Spark Post

Make revision less boring by illustrating important quotes.

The final image would fit nicely in the centre of a popplet (app 4).

## 7. Clips

On Clips you can create short clips with live annotations!

I recommend changing the language of your device; use the videos to test your pronunciation for MFL

## 8. Classic Explain Everything

The only paid app on this list. EE is my go to for any subject.

Import a photo, video or popplet, then add your voice explaining what you want to remember: blurt out all the vocabulary, processes and dates you need!

## 9. TextingStory

A fun little app where you can create a video of a 'text conversation'.

Create common answers to questions in a fun and visual way!

Try importing your video to Explain Everything and practice your accent!

## 10. Gojimo

Already the UK's most used revision app! It has over 40,000 practice questions ready to go and free!

Focus on the specific areas you need to work, with instant feedback.

## 11. Paper by FiftyThree

Visually representing your information can save thousands of words.

This app along with the others here has made my scrawl look beautiful!

Appsmash this with SparkPost and Explain Everything to produce a video explaining processes and forming answers that words cannot suffice.

## 12. GetRevising

*Get Revising* can help you study for your exams

Smart revision tools to help you boost your grades.

## 12. Anki flash cards

The best flashcard programme out there. If you need to learn facts for a test, or are learning language vocab, this is a great app and intuitive.

## 13. Freedom— distraction blocker

Avoid distractions by blocking websites and apps when you're working. Freedom is a programme that solves this problem by simply blocking all websites and apps and works on ALL devices

## 14. iMindmap

Develop your greatest ideas into meaningful plans using powerful Mind Maps. Radiating, colourful branches will build a concise overview of even the most detailed projects.

## 15. Memrise

Language app with games, humorous chatbots and over 30000 native speaker videos.

Great for Languages!
