

SOUTHPORT LIVEABLE NEIGHBOURHOOD

HAVE YOUR SAY

Wypowiedz się

Over the coming months Sustrans and Sefton Council will be working with residents, businesses and schools to co-create designs for local streets.

Better social connections, thriving local economies and sustainable living

People having a say in the design of their streets

THE AIMS OF THE PROJECT

High-quality public spaces for people

More active and empowered communities

Low traffic areas which remove rat running

More journeys by foot, bike or other active transport

Your local knowledge is key to creating a design for a healthier, happier, more enjoyable place to live, learn, work and play.
